

A new generation of coil and spool suppliers

- **For cable operators, octopus cable operators, maintenance departments**
With BOBI®, you will save time, avoid wire and cable waste and work in a modern and professional manner.
- **BOBI® is the perfect storage solution for winding products**
Not just electrical wires and cables, but also pipes, ducts, hoses, ropes, seals, cords, etc.
- **Maximum load 80 kg per module**
Store the heaviest coils at the bottom.
- **A true workshop tool**
Thanks to the optional wheels.
- **An independent shaft for each spool**
Simply reload the spool which is empty.
- **As an option, you can order two measuring device models, as per your need**
According to cable diameters
- **No assembly**
The freestanding modules are inserted one inside the other
A locking system ensures safety

Spools with straps

To transform a coil into a spool

- It solves the problem of tangled wires.
- The spool can be opened and a coil can be placed inside very quickly: there is no need to unwind and rewind the wire.
- The 2 flanges of the spool are connected by elastic straps, each one having anchoring points.
- This helps to perfectly maintain the inner diameter and width of the coil. The spool is therefore balanced correctly.
- In order to choose between the 3 models (300 mm, 400 mm and 600 mm), it is necessary to take into account the outer diameter of the coil as well as its width (maximum distance between flanges).
- Spools with straps are sold separately.
- They are also used with the QUAD® and MAXIQUAD and the BOBI® dispenser.
- They can also be adapted to the MINOCABLE and the ESCABOCABLE.

The coil is positioned

The straps are adjusted

The spool is ready to be unwound

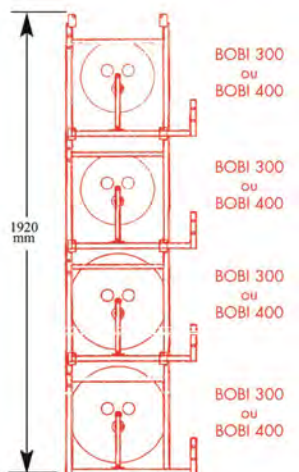

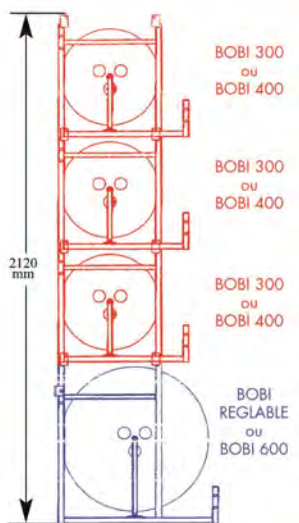

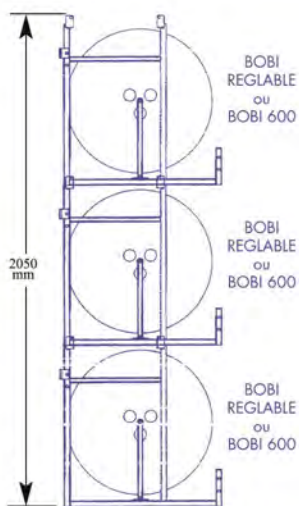

Most common use	Flange Ø	Maximum distance between flanges	Material	Code
Wires	300 mm	100 mm	Durable plastic	E3300390
Cable	400 mm	150 mm	Durable plastic	E3300490
Pipe	600 mm	180 mm	Red tinted marine plywood	E3300690

Complete modular system

You can:

- Choose just one module below to be installed on the ground or on a workbench
- Choose a standard distributor
- Combine modules in order to adapt the dispenser exactly to your needs
- Roller and measuring device options

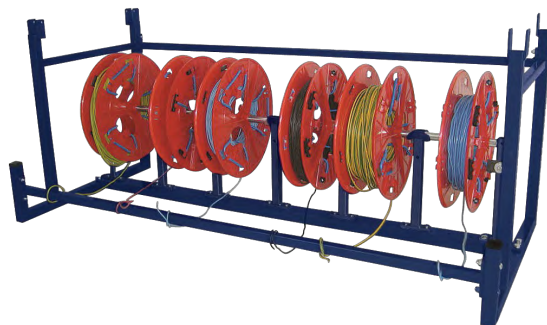

Maximum configurations

BOBI 300 For wire coils

- The BOBI 300 is supplied with 6 300mm Ø spools with straps, maximum width: 100 mm
- New breaking system on each spool
- Dimensions: W 1.200 x D 530 x H 510 mm
- Weight: 19,8 kg

Code **BOBI300**

BOBI 400 For cable coils

- The BOBI 400 is supplied with 4 400 mm Ø spools with straps, maximum width: 150 mm
- New breaking system on each spool
- Dimensions: W 1.200 x D 530 x H 510 mm
- Weight: 18,8 kg

Code **BOBI400**

BOBI 600 For pipe coils

- The BOBI 600 is supplied with 4 600 mm Ø spools with straps
- Maximum width 180 mm
- Dimensions: W 1.200 x D 650 x H 710 mm
- Weight: 18,8 kg

Code **BOBI600**

BOBI REGLABLE For wire coils

- Upgradable system: 6 vertical bars screwed into the central bar according to the width of the spools
- 3 screeds per vertical bar: it is therefore possible to stack up up to 3 small spools
- Delivered with a shaft: Ø 17 mm, L 1.20 m (to be cut according to the width of the spools)
- For spools with a maximum diameter of 600 mm and a maximum weight of 30 kg
- Dimensions: W 1.200 x D 650 x H 710 mm

Code **BOBI000**

BOBI-COILS

- For 4 cable coils and 12 wire coils
- Includes one BOBI 400 module and of two BOBI 300 modules
- Delivered with 16 spools with straps
- Dimensions: W 1.200 x D 530 x H 1.450 mm
- Weight: 58,4 kg

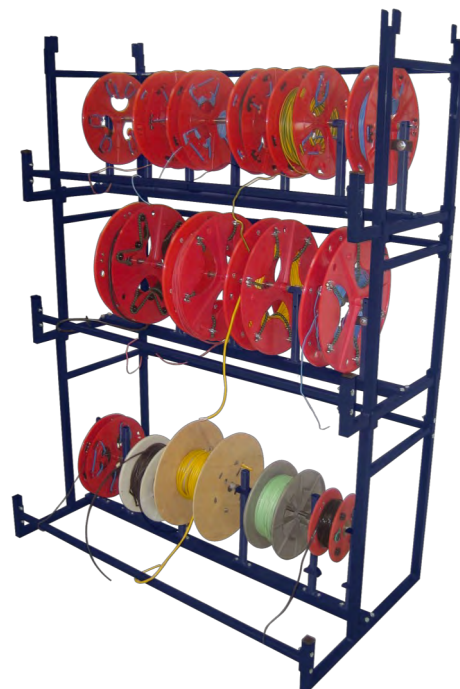

Code **BOBICOUR**

BOBI-SPOOLS

- For spools with a max. Ø of 600 mm and a maximum weight of 30 kg
- Composed of three modules ADJUSTABLE BOBI
- Delivered empty
- Dimensions: W 1.200 x D 530 x H 2.050 mm
- Weight: 51,9 kg

Code **BOBIBOB**

BOBI-COMBINED

- For coils and spools
- Includes one ADJUSTABLE BOBI module, one BOBI 400 module and one BOBI 300 module
- Delivered with 10 spools with straps
- Dimensions: W 1.200 x D 530 x H 1.650 mm
- Weight: 55,9 kg

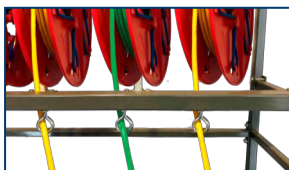

Code **BOBIMIX**

Roller option

4 pivoting reels of 100 mm diameter, 2 of them with brakes
Weight: 2,2 kg
Height increased by 130 mm

Code **BOBI-XROUL**

Cable guide option

Must be ordered at the same time as the BOBI on which it's installed.

Max. cable Ø (for each cable guide): 12mm
6 cable guides per row of BOBI 300 / BOBI COMBINED or 4 cable guides per row of BOBI 400 / BOBI 600

Code **BOBI-XGC**

Cutting plier option

For cables max. Ø 25 mm, attached with a chain

BOBI-XCC

Measuring device Option M20

Removable. To nest in front of the reel to unroll.
For cable Ø max. 20 mm.
Weight: 1,3 kg

Metal wheel: **Code BOBI-M20-ALU**
Polyurethane wheel: **Code BOBI-M20-PU**

Measuring device Option M35

Removable. To nest in front of the reel to unroll.
For cable Ø max. 35 mm.
Weight: 3,5 kg

Metal wheel: **Code BOBI-M35-ALU**
Polyurethane wheel: **Code BOBI-M35-PU**
